

Range 2009

PUT YOUR DREAMS IN MOTION

Dynamic and innovative, whilst fully respecting the environment. Piaggio offers a complete range of solutions stemming from individual and unique ideas that have become synonymous with the brand's characteristics and unmistakable design. Showcasing the elegance of Italian Style, Piaggio products blend sublime design with the latest technology.

INNOVATION

Practical solutions with the ability to inspire and excite, reinventing personal transport the Piaggio way. 21st century technology and avant-garde design has rewritten the book on how a scooter should look and perform, with the MP3 opening the door to a world beyond two wheels.

TECHNOLOGY

Piaggio use the latest technology, which is flattered by the care and attention to design detail, giving a sophisticated, economical, secure and elegant ride. Piaggio offer a functional range of vehicles to enable you to travel long distances with ease whilst avoiding the stress of urban travel. Piaggio scooters are stylish and reliable travelling companions whatever your requirements from the power of XEVO, the versatility of the X7, the style of the sophisticated MP3 and the practicality of the Zip and Fly.

RESPECT THE ENVIRONMENT

Piaggio's commitment to the environment is reflected in the technology used in all its engines. Low emissions, low fuel consumption and low maintenance costs all help to achieve a low-impact mode of transport. All vehicles use catalytic converters to minimise exhaust emissions, which allows Piaggio to provide intelligent personal transport solutions.

MP3 400 ie / 125 ie

- Piaggio electronically injected engines: 400cc and 125cc
- New 125cc electronic injection engine
- Amazing stability and grip on any road surface thanks to the quadrilateral front suspension

- New seat with integrated passenger backrest
- New chrome front grill
- New blue tinted headlamp and windshield
- New wider and more protective windshield
- Extraordinary storage capacity (accessible under the seat and via the rear hatch)
- 3 wheels + 3 disc brakes = 20% more braking power
- Suspension locking system parks the vehicle at the flick of a switch, without the use of a stand

ACCESSORIES

- Comfort Screen (tall)
- Windscreen (standard)
- 48ltr Top Box Kit
- Touring backrest
- Alarm, chain lock , vehicle cover, leg cover

THE VANGUARD IN SCOOTER MOBILITY

MP3 is the only scooter of its kind with a unique patented quadrilateral suspension system. The stability of this vehicle is second to none, on every road condition: capable of leaning 40°, the MP3 unites the fun of two wheel travel along with superior road grip, with the 2009 version of the MP3 offering improved aesthetic design features and electronically injected engines.

MP3

XEVO 400 ie / 250 / 125

- MASTER 400ie single cylinder 4 stroke engine (Euro 3)
- QUASAR 250cc engine with electronic injection
- LEADER 125cc single cylinder 4 stroke engine (Euro 3)
- Extraordinary storage capacity (accessible under the seat and via the rear hatch)
- Ample seating for rider and pillion with comfortable built in padded backrest as standard
- Analogue digital instrumentation
- Remote controlled key to open the seat and the rear hatch

ACCESSORIES

- Windscreen
- 48ltr Top Box Kit
- Alarm, chain lock
- Vehicle cover, leg cover

BUSINESS CLASS

PIAGGIO®

XEVO

X7 125

- LEADER 125cc engine
- Compact and agile for excellent manoeuvrability in traffic
- Dynamic and perfect for tackling city centre traffic with ease
- Stable and superb for handling different road conditions, providing a safer and smoother ride
- Includes Top Box as standard

ACCESSORIES

- Windscreen
- Top Box backrest
- Alarm, chain lock, alarm disc lock
- Vehicle cover, leg cover

URBAN ENERGY

*Image displays Top Box with backrest, which is a chargeable extra.

PIAGGIO[®]
